EQUAL MEASURES 2030

If historic trends continue, the world won't achieve gender equality until 2108. How is Bangladesh performing on gender equality in the SDGs?

The SDG Gender Index covers 144 countries, 98% of the world's girls and women, and 14 of 17 Sustainable Development Goals. It includes 56 indicators capturing gender-related measures across the 2030 Agenda.

If current trends continue, a girl born this year will

be in her thirties

before there are reasonable laws in Bangladesh to protect gender equality at work [Find out how old you will be!](#)

Best and worst performing indicators since 2015

Best

- Proportion of population with access to electricity
- Proportion of women who have made or received digital payments in the past year
- Proportion of women recognized as "contributing family workers" (as a % of total employment for female employment)

Worst

- Extent of freedom of association and collective bargaining rights in law
- Proportion of women (15+ years) who report that they feel safe walking alone at night in the city or area where they live
- Extent to which women have secure, equal and effective access to justice

Score by goal for 2015 and 2020

Scoring system

- Fast progress:** Increase by >3 points
- Some progress:** Increased by <3 points and >1 point
- No progress:** Less than +1 or -1 change in points
- Decline or Wrong direction:** Decline by more than -1 point
